## Policy Overview

### Introduction

1. This policy is intended to clearly set out REAch2 Academy Trust's (the Trust's) requirements under the Freedom of Information Act 2000 (the FOIA).
2. The FOIA places legal obligations on public authorities to provide members of the public with access to recorded information held by public authorities and also to proactively publish certain information.
3. As a public authority the Trust is obliged to comply with the requirements of the FOIA by responding to requests for information and proactively publishing information. This policy sets out how the Trust will comply with its obligations under the FOIA.

### Definitions

4. For the purposes of this policy, the following terms have the following meanings:
  - 4.1 **ICO** means the Information Commissioner's Office, the UK's data protection regulator.
  - 4.2 **Information** is defined in the **FOIA** as "any item of recorded material held by or on behalf of a public authority in paper or electronic form".
  - 4.3 **FOIA** means the Freedom of Information Act 2000.
  - 4.4 **School day** means any day on which there is a session and pupils are in attendance. School holidays and inset or training days are excluded from the definition of 'school days'.

## Policy In Detail

### Requests for Information

5. Under the FOIA, individuals have the right to access recorded information held by the Trust. If any member of our workforce receives a request for information they should inform the Data Protection Officer at the earliest inconvenience.
6. The Trust will only accept a request for information which meets all of the following criteria:
  - 6.1 it is made in writing;
  - 6.2 it states the name of the requester and provides an address/email address for correspondence; and
  - 6.3 it describes the information requested.
7. A request may be made in writing (for example by email or letter) to any member of staff. A request may also be made online via the Trust's website or social media accounts.
8. The Trust will publish details of its procedure for dealing with FOIA requests on the Trust's website, including the contact details of the Data Protection Officer.

## Procedure for Handling FOIA Requests

- 9 The Trust must respond to FOIA requests within 20 school days (or 60 working days if this is shorter). In certain circumstances where the Trust considers that a qualified exemption applies, the Trust may extend the period for responding to consider the public interest test for a further 20 school days where it is reasonable to do so.
- 10 When responding to the FOIA request, the Trust must confirm whether or not the information requested is held by the Trust, provide a copy of the information requested (subject to exemptions set out below), provide details of the internal review procedure (see section 30 below) and explain the right to make a complaint to the ICO.
- 11 There are certain circumstances where the Trust will not be required to provide a response to a FOIA request. These are as follows:
  - 11.1 The Trust reasonably requires further information in order to clarify the request and has informed the requester of the need for clarification but has not received a response.
  - 11.2 The information is no longer readily available as it is contained in files that have been placed in archive storage or is difficult to access for similar reasons.
  - 11.3 The information requested is exempt from disclosure under section 2 FOIA (see section 13 below).
  - 11.4 The cost of providing the information exceeds the appropriate limit (see section 15 below).
  - 11.5 The request is vexatious (see section 28 below).
  - 11.6 The request is a repeated request from the same person.
  - 11.7 A fee notice was not paid (see section 20 below).

## Exemptions

- 12 Where the information requested is held by the Trust, the Trust will need to consider whether the information can be released or whether the disclosure is exempt under the FOIA.
- 13 Common exemptions that may be applicable to the Trust include:
  - 13.1 Section 21 – the information requested is already publicly available.
  - 13.2 Section 22 – the information requested is information which the Trust intends to publish at a later date.
  - 13.3 Section 31 – the information requested could prejudice the effective detection and prevention of crime.
  - 13.4 Section 36 – the information requested is information which, in the opinion of the Chair of Directors of the Trust, would prejudice the effective conduct of the Trust.
  - 13.5 Section 38 – the information that could prejudice the physical health, mental health or safety of an individual.
  - 13.6 Section 40(1) – the request is for the requester's personal data. This request should be dealt with as a 'subject access request' in accordance with the Trust's Data Protection Policy'.
  - 13.7 Section 40(2) – the information requested contains personal data of a third party and the disclosure would breach one of the data protection principles.

13.8 Section 41 – the information requested is information which has been provided to the Trust in confidence.

- 14 Some of the above exemptions are ‘qualified exemptions’. This means that the Trust must consider whether there is an overarching public interest in disclosing the information, even if an exemption applies.

## **The Appropriate Limit**

- 15 The Trust is not obliged to provide information where complying with the FOIA request exceeds the cost limit set out by Regulation 4 of the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004. The cost limit is currently set at £450, which is equivalent to 24 staff hours.
- 16 When estimating how long it will take to comply with a FOIA request, the Trust can only take into account the following activities:
- 16.1 determining whether or not we hold the information;
  - 16.2 finding the requested information, or records containing the information;
  - 16.3 retrieving the information or records; and
  - 16.4 extracting the requested information from records.
- 17 When estimating the amount of time it will take to comply with a FOIA request, the Trust cannot take into account the time needed to decide whether exemptions apply, to redact exempt information, or to carry out the public interest test.
- 18 Where the costs and resources of removing or redacting exempt information are likely to place a disproportionate burden on staff, the Trust may consider whether the request is vexatious (see section 28 below).

## **Charging Fees**

- 19 In certain circumstances, the Trust is permitted to charge a fee for certain costs in complying with a request. This includes charging for communication costs such as photocopying, printing and postage. The Trust is unable to charge fees for other costs such as staff time.
- 20 Where the Trust wishes to charge a fee, it must send a fees notice to the requester within 20 school days (or 60 working days if this is shorter) giving the requester notice that a fee is to be charged for the Trust’s compliance with the request.
- 21 Where a fee is to be charged, the Trust does not need to comply with the request until the fee is paid.

## **Responding to a FOI Request**

- 22 The Trust will respond to a FOIA request within 20 school days (or 60 working days if this is shorter) by:
- 22.1 confirming or denying whether the Trust holds the information requested;
  - 22.2 providing a copy of the information held by the Trust (unless an exemption applies);
  - 22.3 explaining why any information has been withheld or redacted, quoting the appropriate section number in the FOIA and explaining how the information requested falls within that exemption. If the public interest test has been applied, this should also be explained;
  - 22.4 providing details of the right to an internal review (see section 30 below); and
  - 22.5 providing details of the right to make a complaint to the ICO.
- 23 If the requester asks for information to be provided in a specified format, the Trust will provide a response in that format where it is reasonable to do so.

## **Providing Advice and Assistance**

- 24 The FOIA places obligations on the Trust to provide advice and assistance to individuals who make or are thinking of making a FOIA request.
- 25 The Trust may offer advice and assistance in the following circumstances:
- 25.1 where we have reason to believe the requester has not provided their real name, we will request it.
  - 25.2 where the request is ambiguous, we will seek clarification on the request by asking for further information to help identify and locate the information requested.
  - 25.3 where the request would exceed the appropriate limit, we will provide the requester with advice and assistance to help them reframe the request in a way in which would bring it within the appropriate limit.
  - 25.4 where the information requested is available elsewhere, we will direct the requester of where to access the information.
- 26 The Trust is not obliged to provide advice and assistance where the request is vexatious or repeated

## **Vexatious Requests**

- 27 The Trust does not have to comply with a request for information if the request is vexatious.
- 28 Requests will be considered on a case-by-case basis to determine whether they are vexatious. Considerations will include:
- 28.1 the burden on the Trust;
  - 28.2 the motive of the requester;
  - 28.3 the value or serious purpose of the request; and
  - 28.4 any harassment or distress (of and to staff).

- 29 Where a request is considered to be vexatious, the requester should be notified that the request is being refused and inform the requester of their right to request an internal review and make a complaint to the ICO. There may be certain circumstances where it would not be appropriate to provide a full explanation of the reasons why the request is being refused, if the response would only encourage follow-up requests or correspondence.

## **Internal Review Procedure**

- 30 If a requester is unhappy about the way in which the Trust has handled their request, they are able to request an internal review. All responses to FOIA request should provide the requester with details of how to request an internal review.
- 31 Requests for an internal review should be submitted within 20 school days of receipt of the Trust's response to the FOIA request.
- 32 The Data Protection Officer will usually conduct the internal review unless they are unavailable. If the Data Protection Officer is unavailable, another member of staff will be appointed to conduct the internal review.
- 33 The internal review process will review the way in which the request was dealt with and will either uphold or overturn the original decision. The requester should be notified of the outcome within 20 school days of receipt of the request for an internal review. If it becomes clear at any stage of the internal review process that the Trust will be unable to provide a response within this time period, it should notify the requester of the delay.

## **Publication Scheme**

- 34 The Trust is also required to adopt and maintain a publication scheme which specifies the information which it will publish on the Trust's website, and whether the information will be available free of charge or there is a fee to access the information.
- 35 Details of the Trust's publication scheme is set out in Annex One
